## Table of contents

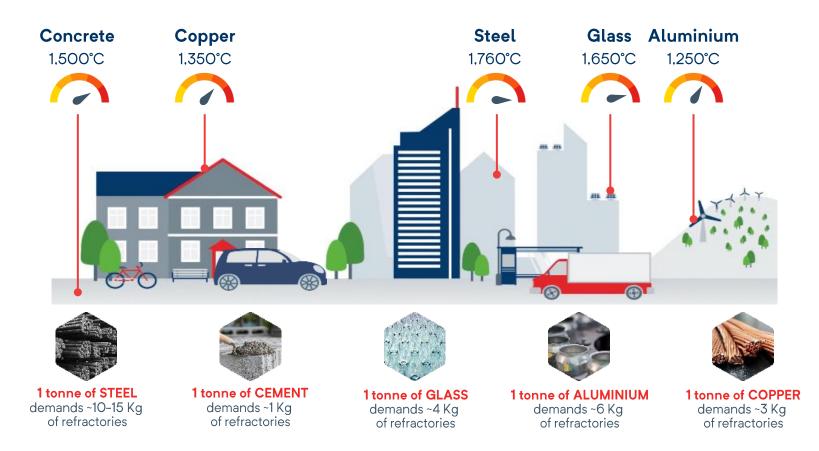

1	Refractory industry overview
2	RHI Magnesita overview
3	Strategy

## Refractories are essential for our modern world

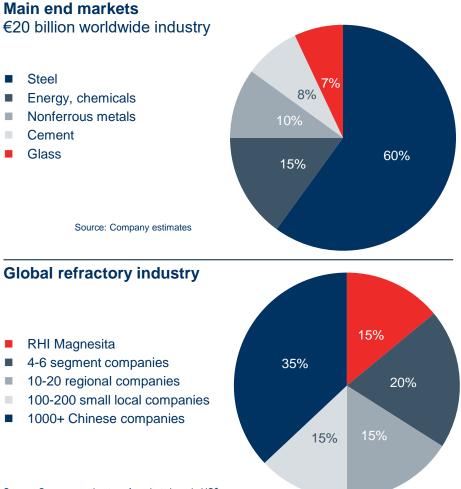

## Refractories are critical to all high-temperature industrial processes

- Refractories are critical consumable or investment goods for high-temperature manufacturing processes
- Fireproof materials consumed whilst protecting clients' production processes, retaining physical and chemical characteristics when exposed to extreme conditions
- Critical, yet represent less than 3% of COGS in steel manufacturing and less than 1% in other applications

## Refractories are continuously consumed during finished goods production

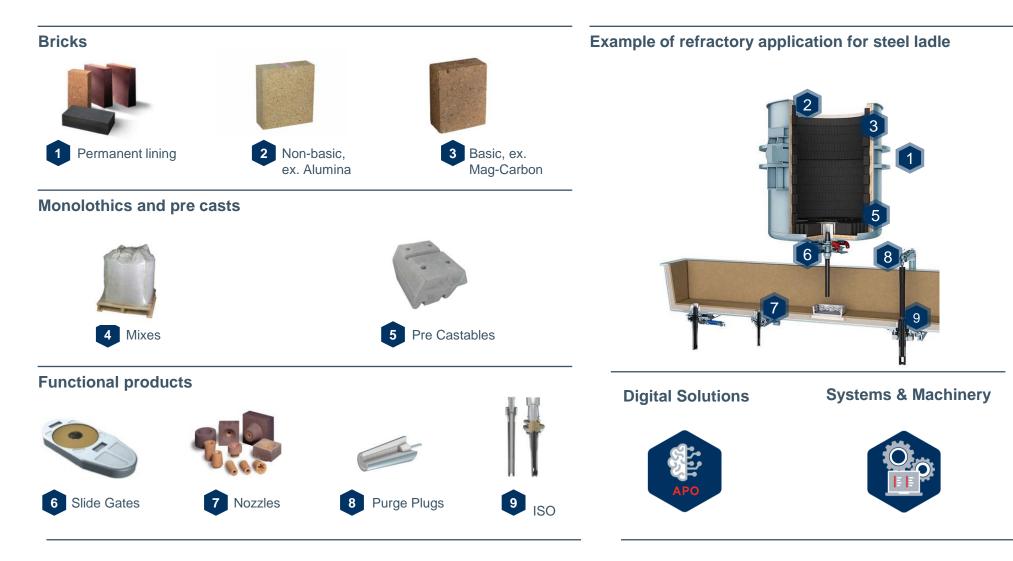

Key industries	Applications	Replacement	Costs	Refractory characteristics
Steel	Basic oxygen-, electric arc furnace casting ladles	20 minutes to 2 months	~3.0%	<b>Consumable product</b> Systems and solutions for complete refractory management
Cement/Lime	Rotary Kiln	Annually	~0.5%	Demand correlated to output
				Investment goods
Nonferrous metals	Copper-converter	1 – 10 years	~0.2%	Longer replacement cycles Customized solutions based on the specific requirements of various industrial production processes
Glass	Glass furnace	Up to 10 years	~1.0%	Complete lining concepts including refractory engineering Wide areas of application
Energy/ Environmental/ Chemicals	Secondary reformer	5 – 10 years	~1.5%	Project driven demand cycles

Refractory industry overview

## A complex range of tailored refractory products are required for each application

## Table of contents

1	Refractory industry overview
2	RHI Magnesita overview
3	Strategy

## RHI Magnesita is the world leader in refractories and a truly global company

€2.3bn 12,000 €62m 2020 revenue **Employees** Annual investment in R&D and **Technical Marketing** 18 125 +Finished goods sites Countries shipped to worldwide

Raw material sites

## Full Year 2020 – Financial highlights

Resilient margin and strong operating cash flow generation

Revenue	Adjusted EBITA margin	Adjusted EBITA	Operating Cash flow <sup>2</sup>
<b>€2.3</b> bn	11.5%	€260m	€290m
<b>↓ (23)</b> %¹	<b>↓</b> (250)bps¹	<b>↓</b> (36)%¹	112% cash conversion
Net debt to adjusted EBITDA	Liquidity <sup>4</sup>	Return on invested capital	Adjusted EPS
1.5x	€1.2bn	11.5%	€3.28 per share
<b>1</b> 0.3x <sup>3</sup>	<mark>1</mark> €0.1bn	<b>-4</b> 360ppts⁵	<b>↓</b> 41%¹

1. Denoted on a reported basis

2. Operating cash flow comprises Adjusted EBITA, plus changes in working capital and other assets/liabilities, plus depreciation and minus capex

3. Compared with 2019 including IFRS 16 Leases of €57m

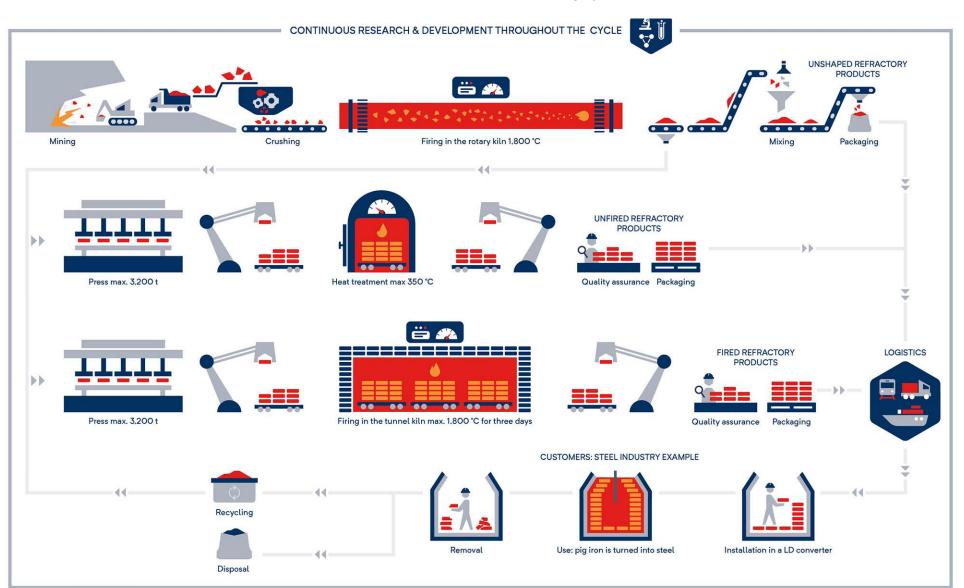

4. Available liquidity comprises cash, cash equivalents of €589m, including €2 million cash for assets held for sale. and €600m of undrawn committed facilities

5. Return on invested capital is calculated as net operating profit after tax (NOPAT), divided by total invested capital for the year. Invested capital is calculated as a sum of equity, borrowings, non-current & current financial liabilities, pensions and other long term personnel provisions, non-current provisions less cash and cash equivalents and non- current financial assets

## The refractory world of RHI Magnesita

Value creation from the raw material to the refractory product

\* Example magnesia product line

## Serving a blue chip client base

Note: 1) Approximate number of plants worldwide, excluding China, based on Company estimates

## Experienced management team with solid financial and strategic background

Executive Management Team	Joined	Background
Stefan Borgas CEO	2016	<ul> <li>Former CEO of Israel Chemicals Ltd and Lonza Group</li> <li>Several management positions at BASF</li> </ul>
<b>lan Botha</b> CFO	2019	<ul> <li>Former Finance Director of Anglo American Platinum</li> <li>Several management positions at Anglo American plc, including CFO Ferrous Metals, CFO Coal and Group Financial Controller</li> </ul>
Luis R. Bittencourt CTO	1989	<ul> <li>Former R&amp;D and raw material VP of Magnesita</li> <li>BA in mining engineering (UFMG), MS degree in metallurgical engineering (University of Utah) and PhD in ceramic engineering (University of Missouri)</li> </ul>
Gerd Schubert COO	2017	<ul> <li>Former COO of Pfleiderer S.A.</li> <li>Global Operations Director at Ferro Deutschland GmbH and Ferro Spain</li> </ul>
Gustavo Franco CSO	2019	<ul> <li>Former Global Sales &amp; Marketing VP at RHI Magnesita</li> <li>18 years of experience in Sales for the Refractory Industry, being based in South America, North America and Europe</li> </ul>
Simone Oremovic People, Projects & Communications	2017	19 years of experience in leadership positions in HR, among other fields at GE, Telekom Austria, IBM and Shire/Baxter
<b>Ticiana Kobel</b> Executive VP General Legal Counsel	2019	More than 20 years of experience in management positions in a wide range of global business branches such as the aviation industry, the technology industry, the service sector and the engineering industry

### Table of contents

### Our strategic difference

<section-header><section-header><section-header><section-header><section-header><section-header><section-header><text>

## Full suite of products & services

Delivering more than refractory materials to address customers' needs

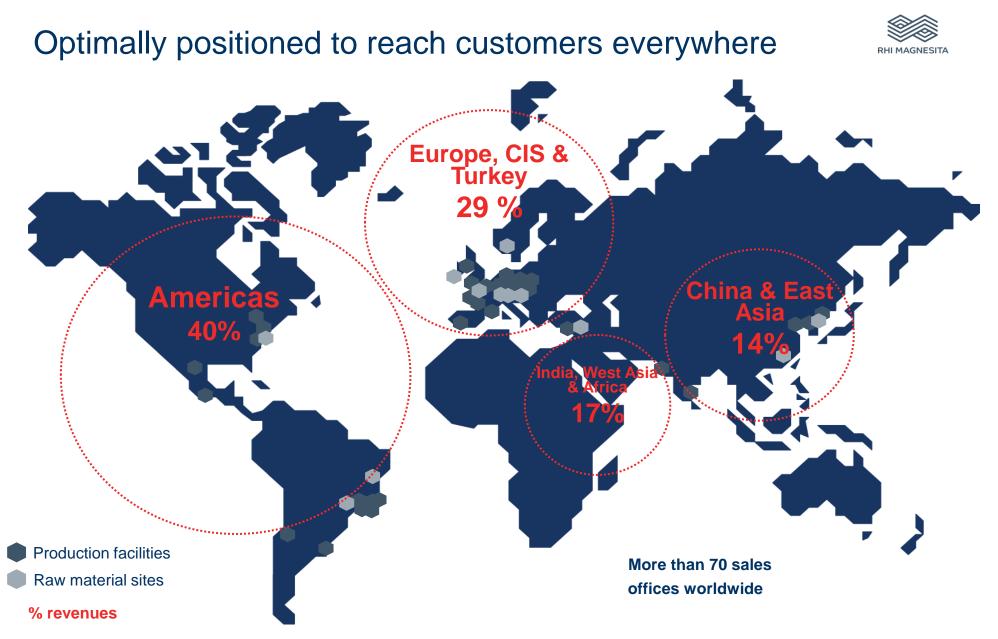

#### Low-cost operator

Underpinning profitable growth

### **Solutions offerings**

Long-term client partnerships to drive efficiencies

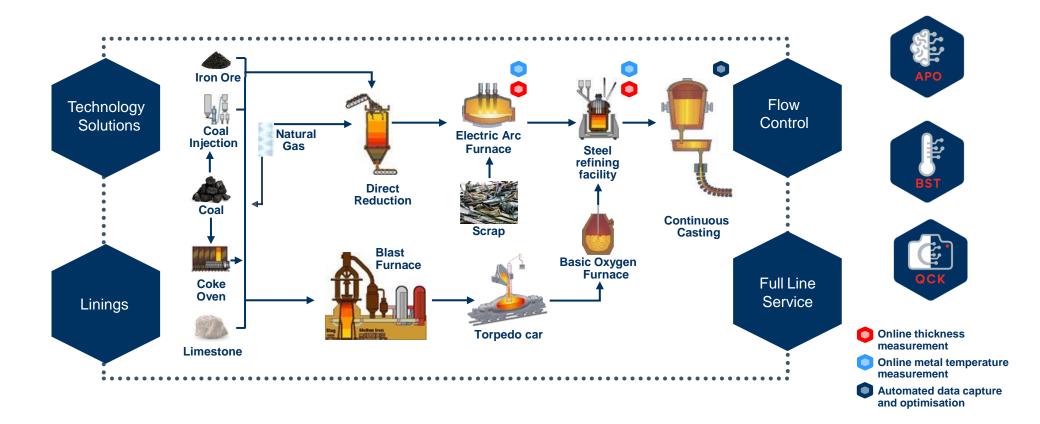

Underpinned by the strength of our people and culture and our commitment to a sustainable business model

## Full suite of products complemented by knowledge and services

Example: Steel customer

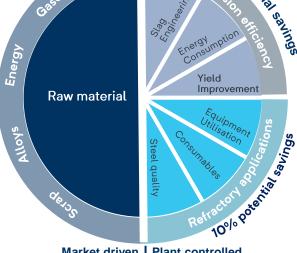

## Offering full solutions to drive value at customers

>20% of revenue comes from cost per performance contracts

# Gasse

**Client cost structure** 

#### **Client benefit**

- ✓ Reduced downtime
- ✓ Lower refractory consumption
- ✓ Lower energy and other raw materials consumption
- ✓ Higher productivity

#### **RHI Magnesita benefit**

- ✓ Higher market share
- ✓ Higher client retention
- ✓ Lower competition
- ✓ Longer contracts

#### **Current solutions portfolio**

127 solutions contracts worldwide

## Expanding our solutions offering

Innovation to further enhance business model

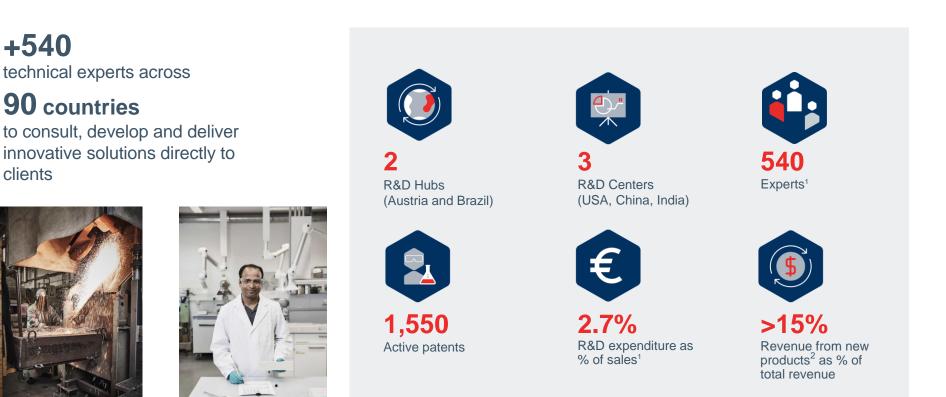

Drive percentage of sales from solutions from 27% to 40% by 2025 and improve Group margin

## R&D – From raw materials to refractories

#### Notes:

1) R&D, Product Management and Technical Excellence & Solutions; 2) Defined as products and brands less than 5 years old

clients

## High quality sites globally, supporting unique solutions to the market

Raw material	Production sites	Annual production
Standard DBM <sup>1</sup> 90%-97%	Brumado (Brazil) Eskisehir (Turkey) Hochfilzen (Austria) Breitenau (Austria)	~720 k tonnes
High purity DBM <sup>1</sup> 97%+	<b>Brumado</b> (Brazil) <b>Dashiqiao</b> (China) <sup>3</sup> <b>Drogheda</b> (Ireland)	~340 k tonnes
Fused Magnesia	Dashiqiao (China) <sup>3</sup> Radenthein (Austria) Contagem (Brazil)	~115 k tonnes
Other sintered or fused materials	Radenthein (Austria) Contagem (Brazil)	~70 k tonnes
DBD <sup>2</sup>	York (USA) Chizhou (China)	~300 k tonnes

**1.6 million** tonnes of raw materials produced per year

### **70%**

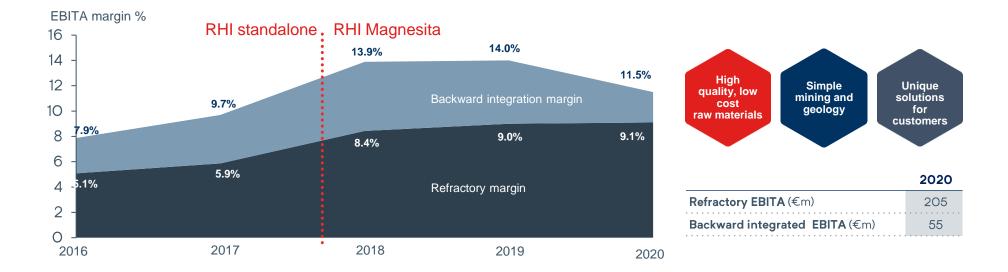

backward integration in basic raw materials and 50% for all raw materials/products ingredients

Notes:

DBM, Dead burned magnesia
 DBD, Dead burned dolomite
 Joint ventures

## **Refractory margin**

Strategic initiatives will drive further growth in refractory and backward integration margins

## Resilient business model with a clear strategy

Resilient margins with further potential in refractories

3

Strong cash conversion and robust balance sheet

Strong competitive position

- Stable and growing refractory margin at 9.1% in 2020 (increase of 0.1ppts compared with 2019)
- €100m annualised EBITA cost savings by 2022
- Adjusted EBITA margin contribution from backward integration in 2020 at 2.4%
- Strong cash flow generation and significant liquidity
- Robust balance sheet with leverage at 1.5x net debt to adjusted EBITDA
- Capital flexibility to pursue both growth and shareholder returns
- Market leader with a global footprint and a "local for local" strategy 15% global market share (30% ex-China). Clear market leadership in Americas, Europe and Middle East
- Innovation leadership, with opportunity to develop technology and digital solutions across regions and portfolio
- Low cost, high quality vertical integration providing security of supply and unique solutions for the market, alongside high return on assets

Growth opportunity from new markets, solutions offering and M&A

- Opportunity to grow materially in under-represented markets such as India and China
- Greater penetration of value-added solutions offering to customers, improving refractory margins and retention
- Opportunity for further consolidation through M&A

## Our 2025 Sustainability targets

CO<sub>2</sub> emissions Reduce by 15% per tonne by 2025<sup>1</sup>

NOx and SOx emissions Reduce by 30%<sup>2</sup>, starting with China by 2021

#### Recycling

Increase use of secondary raw materials to 10% by 2025

#### Safety

Strong safety culture with zero accidents

#### **Diversity**

Improve gender diversity on Board and in senior leadership to 33% by 2025

#### Community

Develop strategic, impact-focused community investment partnerships and invest 1% of net profits

Significant further opportunity to develop customer solutions to minimise energy consumption and emissions

Note: Targets are compared to 2018 baseline; 1) Includes Scope 1, 2 and 3 (eg own sites, customers and suppliers); 2) Target by 2027

## Sustainability leadership

Creating the path to de-carbonisation

### €50 million R&D investment

in CO<sub>2</sub> reduction technologies

- Capture of geogenic CO<sub>2</sub> emissions (>50% of our emissions)
- Utilisation of captured CO<sub>2</sub> through external partnerships
- R&D supporting switch away from fossil fuels in own operations

We aim to have the technology solution by 2025 which will create the path for a full de-carbonization of the Company

Significant further opportunity to develop customer solutions to minimise energy consumption and emissions

## Culture

Critical to future growth

#### customer innovative focus performing Our high performance is rooted We live innovation to create in accountability and responsibility. value for our customers, by being bold and providing We are a reliable partner the best digital and that decides and delivers based sustainable solutions. on our customers' needs. pragmatic open Our open mindset & transparent way We act pragmatically of working is flanked by a diverse, to enable fast and simple respectful & friendly business collaboration across functions environment, where we care about and regions to serve our our customers & colleagues. customers best.
